THE HOSKING COAL MINE .- Our friends Hoskins and Petway arrived in this city yesterday from their coal mines near Rowens. They are in the finest spirits, having, in addition to the former coal beds, discovered a rich and inexhaustible vein of cannel coal on their lands. They have left with us specimens of this coal, which is regarded by competent judges, as equal to the celebrated Breckenridge coal. We are glad to learn from them also that their railroad to connect the mines with the river is in rapid process of construction, and that they will be able to supply some of the demand in this market next winter. We shall hail the compittion of their road, as the dawn of a better day for Nashville. An unlimited supply of cheap coal will then be her's for centuri s to come,

Ald. Felts called up his resolution to make the Street hands do an equal amount of work in each Ward in the city. Ald. F. urged the adoption of the resolution, and said very lit-le had been done in the 4th Ward. He called for the year and noes. Quite an animated dis ussion took place on the resolution, when the vote was taken. Lost by 12 to

A bill was introduced by Ald. Ware in relation to t e admission of scholars to Public Schools Passed on tret reading. Ald. Ware offered a resolution to have the stepping stones in trout of stores and dwellings remov ed, as they are obstructions in the streets. Several members of the Boar 1 made remarks on the resolution, and it was indefinitely postponed.

Ald. Haile offered a resolution directing the officers of the corporation to do their duty in the execution of the law. After an explanation, the resolut.o was adopted. Aid. Felts offered a resolution in relation to a gutter on the corner of High and Crawlord streets,

which was adopted. Atd. Halle called on the Mayor for information in relation to the subscription for stock in the Winchester and Alabama Radroad. The Mayor made a statement on the subject, and

was followed by Ald. Fogg, who gave a full and interesting statement of the condition of the city's intere t in the road, the stage of the work at present, the importance of the work to this city, &c. Aid. Hails then went into an argument to prove that the city is not able to assume the debts of that road, even to save the \$50,000 now owned by the corporation. The city could not stand it. Ald. A L. Davis was a memor of the Board that passed the laws in 1854, voted for it as a meas

The Mechanics and Manufacturers of Tennessee and adjoining States, are reminded that the Third Annual Fair and Exhibition of the Mechanic's Institute of this State, will commence in October next in this city. The annually increasing interest manifested in these exhibitions, and visible advantages resulting to exhibitors, as well from the dissemination of important information among themselves, as from the great publicity which they are thus enbled to give their business, renders it certain that the approaching exhibition will eclipse in magnifi-

ceuse and interest all its predecessors. Copies of Circulars, giving full particulars, can be obtained at the Mechanic's Institute rooms, College street, opposite the Sewanee, or by addressing the President, WM. STOCKELL, or Secretary H. K. WAL-June 25-3m.
